- Assignable square feet has increased 52% since 1980.

NON-RETURNING STUDENT SURVEY - 1988 COHORT

Each fall the Office of Institutional Research conducts a survey of the previous fall's new freshmen and transfers who were eligible but did not enroll. In November 1989, a survey was sent to the 282 non-returning students at their last known permanent address, and a follow-up survey was sent just prior to the Thanksgiving holiday. The overall response rate was 38.2%. In separate sections, this report will describe the non-returning freshmen and transfer students.

NON-RETURNING FRESHMEN

- Of the 1,260 new freshmen in Fall 1988, 78.4% were enrolled in Fall 1989, 6.5% were academically ineligible, and the remainder (15.1% or 190 students) left for other reasons. The latter group comprised the survey population of whom 36.3% responded. Non-returning females responded at a higher rate (38.9%) than males (32.9%).

- Of the 79 black freshmen in the 1988 entering class, 74.6% were enrolled in Fall 1989, 8.9% were academically ineligible, and 16.5% (13 students) left for other reasons. Only 23% non-returning black freshmen (3 students) were survey respondents.

- The survey listed 15 reasons a student might choose to attend UNCW and asked the student to check the ones that "originally motivated" him or her to come. The top 3 reasons were as follows:

The coastal environment	78.9%
I visited the campus & liked it	62.3%
The size of UNCW's enrollment	37.7%

  The "coastal environment" reason for choosing UNCW has gained even greater primacy since the 1987 survey when 64% of the 1986 cohort selected it. (The question was not asked the 1987 cohort.)

- Twenty-one reasons for not returning to UNCW were listed, and the student was asked to check the reasons that applied to his or her situation. The primary reasons for not returning were the following:

Transferred to another college	55.1%
Personal, family, or health problems	31.9%
Financial reasons	29.0%
Unsure of my academic goals	26.1%

- When students were asked if they were currently enrolled in another educational institution, 78% (compared to 75% for the 1987 cohort) indicated that they were. Of these, 35% were enrolled in other UNC System schools (compared to 38%, 1987 cohort.) More non-returning freshmen are selecting community colleges as an alternative - 43% of the 1988 cohort compared to 25% of 1987 cohort enrolled in community colleges. The largest receipient of UNCW freshmen transfers was N.C. State with 9 students, followed by UNC-Greensboro and Cape Fear Community College, both with 4.

- Only 3% of non-returning freshmen worked full-time while attending UNCW, but at the time surveyed, nearly one-quarter were working full-time.

- Of the freshmen respondents who transferred to another institution, 60% plan to finish where they are now attending, 17% plan to re-enroll at UNCW, and 10% plan to transfer again. Of those who are not currently enrolled elsewhere, 43% plan to re-enroll at UNCW, and 43% plan to continue their education at another institution.

NON-RETURNING TRANSFERS

- Of the 455 new transfers to UNCW in Fall 1988, 20% (92 students) were non-returning for reasons other than academic probation. Of these 92, 42% responded to the Non-Returning Survey. None of the 5 black non-returning transfers responded. A larger proportion of females (45%) responded than males (38%).

- A majority of the 1988 transfers (59%) indicated that they chose UNCW because it was close to home. They did not return in Fall 1989 for a variety of reasons:

Transferred to another college	35.9%
Moved out of the area	30.8%
Disssatisfied with academic performance	23.1%
Personal, family, or health problems	20.5%
Financial reasons	20.5%
Not enough evening courses	20.5%
Conficts with work	20.5%
Could not get courses I needed	20.5%

- Twenty-four (62%) of the non-returning transfers indicated that they were currently enrolled in another institution. Thirteen were enrolled in out-of-state institutions, 3 at N.C. State University, 4 at other UNC System schools, 3 at Cape Fear Community College, and 1 at Carteret Community College. The large majority of these transfers were because of a family move to another area, several were due to career or major changes, while several were due to complaints about UNCW such as:

  "Wanted more diverse and serious-minded student body."
  "Needed classes were full."
  "Transferred to better Nursing school."

- One-quarter of non-returning transfers worked full-time while attending UNCW, but at the time surveyed, 40% were working full-time.

- The future plans of the non-returning transfers were to finish school where they are currently attending (46%), re-enroll at UNCW (23%), or to transfer to another college (13%). The remaining students were uncertain of their plans.

SUMMARY

The results of this year's non-returning survey are generally compatible with the results of previous years' surveys. There seems to be a greater trend for non-returning freshmen to continue their education at another institution, and community colleges are becoming an increasingly more viable alternative because of cost, proximity to home, and flexiblity. Students commented that they "could get a degree without having to go four years," that community colleges "did not require all of the extra, unnecessary classes like PE, Art, Music, etc.," or that they had adjustment problems or career uncertainty at college and could attend their local community college while deciding their future.

Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

EPA Employees exempt from the State Personnel Act. Includes all faculty.

FTE (Full-Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first-professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of-State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transferring back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

SPA Employees subject to the State Personnel Act.

Special Graduate Not candidates for a degree, diploma, or certificate, or equivalent award, although taking graduate level course work with other students.

Stations Stations refer to the number of individuals a room is designed to accommodate.

Teaching FTE (Full-Time Equivalent) State appropriated positions allocated to a department for instructional purposes.

Tenure A kind of protection against termination of one's faculty appointment except for gross malfeasance or financial exigency.

Transfer A student new at a given level for this term who has recognized college credits from other institution(s) and is admitted as a transfer student.

Unclassified Not candidates for a degree, diploma, or certificate, or equivalent award, although taking courses in regular classes with other students.

Undergraduate A student who has not yet obtained a bachelor's degree.

Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

EPA Employees exempt from the State Personnel Act. Includes all faculty.

FTE (Full-Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first-professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of-State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transferring back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

SPA Employees subject to the State Personnel Act.

Special Graduate Not candidates for a degree, diploma, or certificate, or equivalent award, although taking graduate level course work with other students.

Stations Stations refer to the number of individuals a room is designed to accommodate.

Teaching FTE (Full-Time Equivalent) State appropriated positions allocated to a department for instructional purposes.

Tenure A kind of protection against termination of one's faculty appointment except for gross malfeasance or financial exigency.

Transfer A student new at a given level for this term who has recognized college credits from other institution(s) and is admitted as a transfer student.

Unclassified Not candidates for a degree, diploma, or certificate, or equivalent award, although taking courses in regular classes with other students.

Undergraduate A student who has not yet obtained a bachelor's degree.

Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

EPA Employees exempt from the State Personnel Act. Includes all faculty.

FTE (Full Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transfering back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

SPA Employees subject to the State Personnel Act.

Special Graduate Not candidates for a degree, diploma, or certificate, or equivalent award, although taking graduate level course work with other students.

Stations Stations refer to the number of individuals a room is designed to accommodate.

Teaching FTE (Full Time Equivalent) State appropriated positions allocated to a department for instructional purposes.

Tenure A kind of protection against termination of one's faculty appointment except for gross malfeasance or financial exigency.

Transfer A student new at a given level for this term who has recognized college credits from other institution(s) and is admitted as a transfer student.

Unclassified Not candidates for a degree, diploma, or certificate, or equivalent award, although taking courses in regular classes with other students.

Undergraduate A student who has not yet obtained a bachelor's degree.

Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

EPA Employees exempt from the State Personnel Act. Includes all faculty.

FTE (Full Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transferring back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

SPA Employees subject to the State Personnel Act.

Special Graduate Not candidates for a degree, diploma, or certificate, or equivalent award, although taking graduate level course work with other students.

Stations Stations refer to the number of individuals a room is designed to accommodate.

Teaching FTE (Full Time Equivalent) State appropriated positions allocated to a department for instructional purposes.

Tenure A kind of protection against termination of one's faculty appointment except for gross malfeasance or financial exigency.

Transfer A student new at a given level for this term who has recognized college credits from other institution(s) and is admitted as a transfer student.

Unclassified Not candidates for a degree, diploma, or certificate, or equivalent award, although taking courses in regular classes with other students.

Undergraduate A student who has not yet obtained a bachelor's degree.

Divisions in Arts & Sciences: Science & Mathematics - includes Biology, Chemistry, Earth Sciences, Mathematical Sciences, and Physics

Comparison of Entering Freshman Classes: Fall, 1991 vs. Fall, 1992

The Entering Student Questionnaire is administered to all new freshmen entering UNCW each fall semester. In Fall, 1991, the new freshman enrollment was 1,561 and yielded an 81.6% survey response rate. In Fall, 1992, the enrollment was 1,237, yielding a rate of 87.3%. The following bullet statements are based on the survey responses.

*In 1991, 16% of the survey respondents identified UNCW as the only institution to which they applied. That percentage increased to 19% in 1992.

*In both 1991 and 1992, UNCW ranked as the first-choice institution for 68% of the survey respondents.

*For 25% of the 1991 respondents, their first reason for choosing UNCW was the majors offered. That percentage increased by 4% for the 1992 respondents. The academic reputation of UNCW, as a reason for choosing the institution, yielded a five percent increase from 20% in 1991 to 25% in 1992.

*Compared to 1991 with 65% of the survey respondents planning to graduate in 4 years, 71% in 1992 revealed similar plans.

* Four percent fewer survey respondents in 1992 compared to 1991 showed a degree intent of bachelor's degree, while two percent more identified a goal of master's and three percent more, doctoral.

*The employment location after graduation anticipated by the survey respondents remained the same from 1991 to 1992, with 45% planning to seek employment in North Carolina.

*In both 1991 and 1992, approximately 50% of the survey respondents lived in a small town or rural area during high school, while 50% lived in a moderate-size city or larger.

*In 1991 and 1992, 11% and 10% of the survey respondents, respectively, planned to work 20 or more hours per week while attending UNCW.

Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

EPA Employees exempt from the State Personnel Act. Includes all faculty.

FTE (Full Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transferring back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

SPA Employees subject to the State Personnel Act.

Special Graduate Not candidates for a degree, diploma, or certificate, or equivalent award, although taking graduate level course work with other students.

Stations Stations refer to the number of individuals a room is designed to accommodate.

Teaching FTE (Full Time Equivalent) State appropriated positions allocated to a department for instructional purposes.

Tenure A kind of protection against termination of one's faculty appointment except for gross malfeasance or financial exigency.

Transfer A student new at a given level for this term who has recognized college credits from other institution(s) and is admitted as a transfer student.

Unclassified Not candidates for a degree, diploma, or certificate, or equivalent award, although taking courses in regular classes with other students.

Undergraduate A student who has not yet obtained a bachelor's degree.

The Office of Institutional Research

The Office of Institutional Research (OIR) at UNC Wilmington was founded during the mid-60's to provide a center for the collection, storage, and reporting of statistics about the university's student body, facilities, and programs. Data collection intensified between 1975 and 1980 as the university system expanded its reporting activities to meet federal requirements. The databases created and expertise gained during these early years now serve as the basis for many current research projects. Today, the office's responsibilities have increased to meet the challenge of providing the information to support planning, assessment and decision-making activities. In meeting these demands, staff members have made extensive use of the university's computing resources. SAS, SPSS, Datatrieve, and other computer languages used on the VAX systems provide staff with data management tools and statistical analysis capabilities while smaller projects such as this Factsheet are completed primarily on the OIR's Macintosh microcomputer systems.

Current reporting activities focus on facility utilization, freshmen and transfer performance, student retention, and personnel. The OIR's historical reporting and longitudinal research files provide trend data for a variety of special reports produced for senior level administrators, department chairs and directors, and students. In addition, faculty salary analysis, honor society selection, self-study surveys, administrator evaluation, and grade analysis are completed by the office. Extensive experience in constructing and administering surveys adds another valuable dimension to the office's data collection activities. Reports on these activities are published as an appendix to the Factsheet or are provided throughout the year as individual data collection projects are completed. For example, during the last few years the office has administered one year and five year follow-up graduate surveys, freshman entrance surveys, faculty opinion surveys, and self-study surveys to faculty, staff, and students. Current university planning and assessment activities are being supported through training workshops, increased data collection efforts, and additional staff involvement at all levels within the university community. As the office adapts to support these activities, it remains committed to maintaining the same level of quality, responsiveness, and individualized attention that have been its trademark in the past.

Highlights of the 1-Year Follow-Up Survey of UNCW 1990-91 Graduates

The Survey of Recent UNCW Graduates was sent to 1,083 undergraduate students who graduated between Summer 1990 and Spring 1991. This survey was designed to determine the status of graduates and their level of satisfaction with UNCW's educational and support programs. From initial and follow-up mailings sent during the summer of 1992, 453 (42%) responded. The following summary statements are based on the survey responses:

Employed Graduates

Almost 95% of the respondents have been employed in either a full-time or part-time position since graduation. Of the 324 respondents employed in North Carolina, approximately 30% worked in Wilmington, about 10% worked in either Raleigh or Jacksonville, and slightly less than 5% worked in either Winston-Salem or Charlotte. Employed out-of-state respondents worked in Georgia (13), Maryland (11), Virginia (10), and Florida (10). Over three-quarters were satisfied with their employment. About one third of full-time employed graduates had had more than one position since completing their degrees. Respondents reporting salary provided the following information:

Less than $10,000 or had salary based on an hourly rate	12.1%
$10,001-$20,000	41.5%
$20,001-$30,000	38.4%
$30,001-$40,000	6.3%
$40,001 or more	0.7%

Respondents learned about their employment through direct contact with the employer (30.5%) or by word-of-mouth from family or personal contacts (23.2%). Two-thirds felt that their employment was, for the most part, directly related to their major. Some of the respondents indicated that they were currently employed but seeking another position. Of those, about 10% were dissatisfied with their current employer, 21% desired greater income and/or benefits, and another 10% were seeking career advancement. About half had been searching for new employment less than 90 days. Resources used in this job search included family and friends (21.0%), direct contact with employers (19.6%), UNCW Career Planning & Placement (4.4%), Employment Security Commission (7.5%), or commercial placement agencies (4.9%).

Graduates Continuing Their Education

Four of seven graduates who applied to at least one doctoral program had been accepted. Over three-quarters of the 73 graduates who applied to masters programs had been accepted. Over 90% of the 12 graduates applying to professional degree (ex: MD, DDS, JD, etc.) programs had been accepted. By August 1992, four of the respondents had completed another degree subsequent to their UNCW graduation. Sixty respondents were in the process of working on another degree, with 20 working on a MA degree. Ten masters students were enrolled at UNCW while 13 were at ECU. Over half (57.5%) were last enrolled full-time. When asked to rate their academic preparation compared with others in their programs, 43% felt they were better prepared and 54% felt they were equally prepared.

Satisfaction with UNCW Experiences

Over half of the respondents were very or fairly satisfied with their UNCW academic advisor while one in six indicated some dissatisfaction. Over 90% were very or fairly satisfied with the quality of instruction offered at UNCW and with the education they received at the university. Almost 97% indicated that they would recommend UNCW to others seeking to further their education.

In addition to measures of satisfaction regarding their experiences at UNCW, survey respondents were asked to rate their educational progress, from the time they entered the institution until graduation, in a variety of areas. Some of those areas include: broadening their understanding and appreciation of the fine arts, oral communication and writing skills, developing values and ethics, familiarity with computers, and developing an understanding of scientific concepts and methods. Additional information is available upon request.

Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

EPA Employees exempt from the State Personnel Act. Includes all faculty.

FTE (Full Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transferring back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

SPA Employees subject to the State Personnel Act.

Special Graduate Not candidates for a degree, diploma, or certificate, or equivalent award, although taking graduate level course work with other students.

Stations Stations refer to the number of individuals a room is designed to accommodate.

Teaching FTE (Full Time Equivalent) State appropriated positions allocated to a department for instructional purposes.

Tenure A kind of protection against termination of one's faculty appointment except for gross malfeasance or financial exigency.

Transfer A student new at a given level for this term who has recognized college credits from other institution(s) and is admitted as a transfer student.

Unclassified Not candidates for a degree, diploma, or certificate, or equivalent award, although taking courses in regular classes with other students.

Undergraduate A student who has not yet obtained a bachelor's degree.

Divisions in Arts & Sciences: Science & Mathematics - includes Biology, Chemistry, Earth Sciences, Mathematical Sciences, and Physics
Humanities - includes Fine Arts, Foreign Languages & Literatures, Communication Studies, English, History, and Philosophy & Religion
Social Sciences - includes HPER, Political Science, Psychology, and Sociology & Anthropology

Comparison of Entering Freshman Classes Fall 1991, Fall 1992, Fall 1993

The Entering Student Questionnaire is administered to all new freshmen entering UNCW each fall semester. Fall 1991, the new freshman enrollment was 1,561 and yielded an 81.6% survey response rate. Fall 1992, the enrollment was 1,237, yielding a response rate of 87.3%. Fall 1993, the enrollment was 1,449, yielding a response rate of 90.8%. The following bullet statements are based on the survey responses:

- From 1991 to 1993, the percentage of survey respondents who identified UNCW as the only institution to which they applied rose from 16% to 25%.

- In 1991 and 1992, 68% of the respondents ranked UNCW as their first-choice institution, with 1993 respondents yielding an 8% increase to 76%.

- The most important reasons for attending UNCW are identified below:

	1991	1992	1993
Coastal Location	60%	62%	63%
Size of Campus	49%	47%	48%
Visited and Liked Campus	47%	46%	44%
Majors Offered	41%	46%	45%

- The percentage of students who plan to graduate in four years has increased from 65% in 1991 to 75% in 1993.

- The percentage of respondents with a degree intent of bachelor's degree decreased from 37% in 1991 to 33% in 1992 and 1993. Those seeking the doctoral degree also changed, with 12% in 1991, 15% in 1992, and 13% in 1993.

- The percentage of respondents intending to remain in North Carolina when seeking employment has remained the same over the three-year period, 45%.

Highlights of the 1992-93 Freshman Performance Report

Each year the Office of Institutional Research reports to General Administration data on the academic performance of first-time freshmen students. Those included in the study must have entered the university during the preceding summer or fall semester and graduated from high school the previous year. The following table represents the 1992 entering freshmen:

	All High Schools (N=1189) % Placed	Mean GPA	NC Public High Schools (N=893) % Placed	Mean GPA

Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

EPA Employees exempt from the State Personnel Act. Includes all faculty.

FTE (Full Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transferring back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

SPA Employees subject to the State Personnel Act.

Special Graduate Not candidates for a degree, diploma, or certificate, or equivalent award, although taking graduate level course work with other students.

Stations Stations refer to the number of individuals a room is designed to accommodate.

Teaching FTE (Full Time Equivalent) State appropriated positions allocated to a department for instructional purposes.

Tenure A kind of protection against termination of one's faculty appointment except for gross malfeasance or financial exigency.

Transfer A student new at a given level for this term who has recognized college credits from other institution(s) and is admitted as a transfer student.

Unclassified Not candidates for a degree, diploma, or certificate, or equivalent award, although taking courses in regular classes with other students.

Undergraduate A student who has not yet obtained a bachelor's degree.

Comparison of Entering Freshman Classes Fall 1992, Fall 1993, Fall 1994

The Entering Student Questionnaire is administered to all new freshmen entering UNCW each fall semester. Fall 1992, the new freshman enrollment was 1,237 and yielded an 87.3% survey response rate. Fall 1993, the enrollment was 1,449, yielding a response rate of 90.8%. Fall 1994, the enrollment was 1,323, yielding a response rate of 86.0%. The following bullet statements are based on the survey responses:

*From 1992 to 1994, the percentage of survey respondents who identified UNCW as the only institution to which they applied rose from 18% to 25%.

*In 1992, 69% of the respondents ranked UNCW as their first-choice institution, with 1994 respondents yielding a 15% increase to 83%.

*The most important reasons for attending UNCW are identified below:

	1992	1993	1994
Majors Offered	46%	45%	57%
Coastal Location	61%	63%	47%
Academic Reputation	25%	27%	37%
Cost of Education	15%	16%	27%
Size of Campus	48%	48%	26%

*The percentage of students who plan to graduate in four years has increased from 69% in 1992 to 78% in 1994.

*The percentage of respondents with a degree intent of bachelor's degree decreased from 34% in 1992 to 32% in 1994. Those seeking professional or doctoral degrees increased from 29% in 1992 to 31% in 1994.

*The percentage of respondents intending to remain in North Carolina when seeking employment has increased from 45% in 1992 to 48% in 1994.

Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

EPA Employees exempt from the State Personnel Act. Includes all faculty.

FTE (Full Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transferring back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

SPA Employees subject to the State Personnel Act.

Special Graduate Not candidates for a degree, diploma, or certificate, or equivalent award, although taking graduate level course work with other students.

Stations Stations refer to the number of individuals a room is designed to accommodate.

Teaching FTE (Full Time Equivalent) State appropriated positions allocated to a department for instructional purposes.

Tenure A kind of protection against termination of one's faculty appointment except for gross malfeasance or financial exigency.

Transfer A student new at a given level for this term who has recognized college credits from other institution(s) and is admitted as a transfer student.

Unclassified Not candidates for a degree, diploma, or certificate, or equivalent award, although taking courses in regular classes with other students.

Undergraduate A student who has not yet obtained a bachelor's degree.

Comparison of Entering Freshman Classes Fall 1993, Fall 1994, Fall 1995

The Entering Student Questionnaire is administered to all new freshmen entering UNCW each fall semester. Fall 1993, the new freshman enrollment was 1,449 and yielded a 90.8% survey response rate. Fall 1994, the enrollment was 1,323, yielding a response rate of 86.0%. Fall 1995, the enrollment was 1,412, yielding a response rate of 82.3%. The following bullet statements are based on the survey responses:

*From 1993 to 1995, the percentage of survey respondents who identified UNCW as the only institution to which they applied remained the same at 25%.

*In 1993, 76% of the respondents ranked UNCW as their first-choice institution, with 1995 respondents yielding a slightly lower rate at 75%.

*The most important reasons for attending UNCW are identified below:

	1993	1994	1995
Majors Offered	45%	57%	48%
Coastal Location	63%	46%	63%
Academic Reputation	27%	36%	31%
Cost of Education	16%	27%	17%
Size of Campus	48%	25%	43%

*The percentage of students who plan to graduate in four years has increased from 75% in 1993 to 78% in 1995.

*The percentage of respondents with a degree intent of bachelor's degree increased from 33% in 1993 to 36% in 1995. Those seeking professional or doctoral degrees remained the same at 29%.

*The percentage of respondents intending to remain in North Carolina when seeking employment has increased from 45% in 1993 to 50% in 1995.

Highlights of the 1994-95 Freshman Performance Report

Each year the Office of Institutional Research reports to General Administration data on the academic performance of first-time freshmen students. Those included in the study must have entered the university during the preceding summer or fall semester and graduated from high school the previous year. The following table represents the 1994 entering freshmen:

	All High Schools (N=1301)		NC Public High Schools (N=969)

Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

EPA Employees exempt from the State Personnel Act. Includes all faculty.

FTE (Full Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transferring back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

SPA Employees subject to the State Personnel Act.

Special Graduate Not candidates for a degree, diploma, or certificate, or equivalent award, although taking graduate level course work with other students.

Stations Stations refer to the number of individuals a room is designed to accommodate.

Teaching FTE (Full Time Equivalent) State appropriated positions allocated to a department for instructional purposes.

Tenure A kind of protection against termination of one's faculty appointment except for gross malfeasance or financial exigency.

Transfer A student new at a given level for this term who has recognized college credits from other institution(s) and is admitted as a transfer student.

Unclassified Not candidates for a degree, diploma, or certificate, or equivalent award, although taking courses in regular classes with other students.

Undergraduate A student who has not yet obtained a bachelor's degree.
